

VISITOR INFORMATION APPS

Getting Around

[Airtrain](#)

The Airtrain runs every 15 minutes in rush hour and every 30 minutes off-peak, departing from both terminals at the Brisbane Airport and takes just 23 minutes. The app provides full timetables.

Download: [App Store](#)

[MyTransLink](#)

TransLink's bus, ferry, and train network will get your delegates just about anywhere they need to go. The app has timetables, a journey planner, real-time updates, and a trip announcer that tracks trips in real-time. Even when a traveller has no idea where they are, the app will alert them when to get off.

Eat and Drink

[Dimmi](#)

Dimmi allows your delegates to sift through the city's best restaurants and get a table for breakfast, lunch, or dinner. They can choose from fine dining, a favourite cuisine, or alfresco eating. The app also offers deals at some of Brisbane's fanciest restaurants.

Download: [App Store](#) & [Google Play](#)

[OpenTable](#)

Choose from more than 100 restaurants around Brisbane and book a table for breakfast, lunch, dinner ... or all three. Find local favourites, newly opened venues, or somewhere that serves the perfect steak.

Download: [App Store](#) & [Google Play](#)

[Skip](#)

The Skip app removes the need to wait in line. Pre-order coffee and food from cafes around Brisbane and your delegates will not have to wait in line or carry loose change.

Download: [App Store](#) & [Google Play](#)

Bonus Apps

[Weatherzone](#)

Weatherzone's app offers a daily and weekly forecast. The app also provides the humidity and the weather radar so your delegates can ensure they are fully prepared every day.

Download: [App Store](#) & [Google Play](#)

[BCEC Live](#)

If your delegates are attending an event at BCEC this app will show them how to get there, floor plans and maps of the centre, event information, where to grab a bite to eat, and nearby attractions.

Download: [App Store](#) & [Google Play](#)

[MyMaps](#)

MyMaps allows your delegates to create personalised leisure itineraries. They can plot and plan their way around the city with colour code pins by category, once finalised, they can import their plan into Google Maps and they are ready to go.
